**RE: APPROVAL OF REVISED VERIFICATION REPORT FOR REMOVAL OF PCE**

Dear Mr. Taylor:

This letter provides Ohio Environmental Protection Agency approval of the revised Verification Report for the Removal of Tetrachloroethylene from the Remaining Portion of Contaminated Soil Obtained from the Fire Training Facility, Remediation Area 6. This is the last of the soil from the Fire Training Facility that was successfully treated in the Quonset Hut.

We concur that this soil now meets the requirements for disposal in the OSDF.

Should you have any questions, please contact Tom Ontko or me.

Sincerely,

Thomas A. Schneider  
Fernald Project Manager  
Office of Federal Facilities Oversight
